SHRUSTI BARIGIDAD

Full Stack Developer
India | shrustibarigidadshrusti@gmail.com | +91 9900599354 | github.com/shrustibarigidadshrusti-max

PROFESSIONAL SUMMARY

Motivated and detail-oriented Full Stack Developer with hands-on experience in designing, developing, and deploying responsive web applications. Skilled in building modern frontend interfaces, developing scalable backend APIs, working with databases, and integrating third-party services. Passionate about writing clean, maintainable code and creating responsive, user-friendly applications.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap, Tailwind CSS
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL, PostgreSQL
Programming Languages: JavaScript, Java, Python
Tools & Technologies: Git, GitHub, VS Code
Development: Responsive Design, REST API Development, Authentication, CRUD Operations, API Integration, Database Management

PROJECTS

Full Stack Web Application — *React.js* | *Node.js* | *Express.js* | *MongoDB*
- Developed a responsive full-stack web application with modern UI/UX.
- Implemented RESTful APIs for frontend-backend communication.
- Designed and integrated MongoDB database collections.
- Implemented user authentication and authorization.
- Added form validation and error handling.
- Optimized application performance and responsive behavior.

E-Commerce Web Application — *React.js* | *Node.js* | *Express.js* | *MongoDB*
- Built an interactive e-commerce application with responsive design.
- Implemented product listing, search, filtering, cart, and checkout functionality.
- Created backend APIs for product and user management.
- Integrated database operations using MongoDB.
- Implemented authentication and protected routes.

Portfolio Website — *HTML* | *CSS* | *JavaScript*
- Designed and developed a responsive developer portfolio website.
- Created modern animations and interactive UI components.
- Implemented responsive layouts for desktop, tablet, and mobile devices.
- Added project showcase, skills, experience, and contact sections.

EXPERIENCE

Full Stack Developer / Web Developer (Current)
- Developed and maintained responsive web applications using modern frontend and backend technologies.
- Built reusable UI components and RESTful APIs.
- Integrated frontend applications with backend services and databases.
- Fixed bugs, improved application performance, and optimized user experience.
- Collaborated with developers and designers to deliver production-ready features.
- Used Git and GitHub for version control and collaborative development.

ACHIEVEMENTS

- Developed and deployed multiple full-stack web applications.
- Built responsive applications following modern web development practices.
- Continuously improving knowledge of modern full-stack technologies.

SOFT SKILLS

Problem Solving, Communication, Team Collaboration, Time Management, Critical Thinking, Adaptability
